FOREST

JWALL FOREST

Confirming the wide color range typical of solid cordinees paired with an iconic designs, used for wallcoverings: the tropical forest. The braided embossing recalls the wrap and the weft and underlines the connections with the East.

Resistant, durable, chromatic and 100 cm wide, it covers the wall call off all imperfections, cracks and damage giving back a great decorative effect.

Roll size
100 cm wide

Base
Vinyl on non-woven
